

Detska abeceda

Il mazzo *Alfabeto dei bambini* è stato stampato nell'ex Cecoslovacchia da *O T K Obchodni Tiskarny N.P.* negli anni '70 del secolo scorso.

I disegni sono di Jana Sigmundova e al mazzo sono allegate 5 carte che spiegano come usarlo al meglio a scopo didattico.

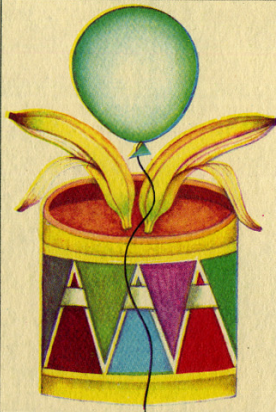

Per poter trascrivere la grande quantità di suoni della lingua ceca sono utilizzate, oltre alle lettere dell'alfabeto latino, anche alcune lettere aggiunte o segni che ne modificano la pronuncia.

Ogni carta ha immagini di oggetti il cui nome comincia con la lettera scritta in basso in due font stampatello e in corsivo.

Sul retro vediamo un motivo ornamentale ottenuto con varie lettere dell'alfabeto.

Sulla scatola è scritto il prezzo di Kcs. 7.00, espresso in *Koruna česká* (corona ceca), equivalente a 400 lire dell'epoca, cioè 21 centesimi di €.
