

Onori del tarocco Industrie und Glück tipo A

Gli onori di Titze & Schinkay mostrano che il tarocco di tipo A non ha ancora disegni standardizzati. Solo verso il 1885, quando la ditta venne acquisita da Ferdinand Piatnik, i disegni cambiano e diventano quelli che saranno lo standard per gli onori di questo tipo. Un mazzo di Titze & Schinkay ha alcuni onori con le vignette duplicate.
